**Letter of Reference for Ms. Hanh Pham
by the coordinator of international affairs of the faculty**

Ms. Hanh Pham is successfully studying at our faculty in her 3rd year (5th semester). She qualified in every module of her previous studies to a large extent in all aspects of communication design, especially in the field of interactive media. Her analytical skills and practical knowledge coupled with a consistent motivation, make Ms. Hanh Pham an exceptional designer. She develops outstanding creative approaches, that she implements with a high design competence and certainty. In cooperation with students from our department of informatics she could prove her teamworking skills.

These skills and the great originality of her work, made us regard her as one of the most talented and outstanding students in her year.

I got to know Ms. Hanh Pham as a responsible and highly independent student in past semesters. Discussions with colleagues were able to confirm this impression. She is highly engaged in the administrative work and the communication of the faculty. She could show her organisational talents and her cooperative understanding as a member of the Student's Board, the Board of Faculty, the Board of Examiners and as a member of the editorial staff of the faculty's magazine. Furthermore she proves her team spirit and social commitment in extracurricular engagement. Ms. Hanh Pham is teaching German to refugees and supporting pupils of a primary school with reading skills.

I therefore support the application of Ms. Hanh Pham at the Hongik University strongly and wish her much success.

Prof. Dipl. Des. K. Beiderwellen
Coordinator of international Affairs
Department of Design
